The PSA has invited Dr. Rohan Sikri to give a guest lecture to philosophy students and club members on October 27th. The PSA's major events are guest lecturers from various philosopher professors, and this talk will be given by Dr. Rohan Sikri. Guest lecturers offer the philosophy students a novel topic that may not be introduced in traditional classes offered, and they provide enriching topics for the PSA to continue to explore and discuss after. After the formal talk, the lecturer will open up the floor for Q&A, where students get to engage with a high level academic about a topic they specialize in, fostering a fun and educational relationship to the study of philosophy.
